

Medication Knowledge is Power

Become a more informed patient.
Ask your doctor or pharmacist about your prescribed medications.

- 1 What are the drug's generic and brand names?
- 2 What is it supposed to do?
- 3 Is it okay to substitute a less expensive generic medicine for the brand-name version? Will it achieve the same effect?
- 4 What's the proper dosage?
- 5 Are there foods, drinks, supplements, medicines, or activities I should avoid while taking this medicine?
- 6 What are the possible side effects of the medicine? What should I do if they occur?
- 7 What should I do if I miss a dose?
- 8 What should I do if I accidentally take more than the recommended dose?
- 9 How many refills can I get?
- 10 Is there any written information I can take home with me?
